

# Alvada - Corn 2024

Phone: 937-826-3003

Web :<https://www.myfarmsolutions.net>

All hybrids/varieties being reported are entered into the IAS plot system. Any of these hybrids/varieties found in the following third party trials, OSU Performance Trials, and Purdue Performance Trials have also been included in these results. Yields highlighted in red are below average. Relative Normalized Lodging, Moisture, and Yield are calculated using the average lodging, moisture and yield of the plots in the geographic area selected

Average Stalk Lodging (1 best, 5 worst): 1.02, Average Moisture: 25.71 %, Average Yield: 209.98 bu/ac, Plot CV: 8, Average LSD: 24.1, Fungicide: Yes

| Company              | Hybrid     | Traits                       | Maturity | Stalk Lodging (1 best, 5 worst) | Moisture %  | Yield bu/ac | Plot Rank |
